BUTTER.

THE

CONOMY BUTTER CO

Ask the attention of all interested in the reduction of the extravagant cost of liuter, to their practical and economical system of making pure prime Butter by aid of the

EXTRACT OF BUTTER PLANT.

A brief allusion to the origin of this important discovery may not prove uninteresting. Among the authentibated records of the renowned Captain Cook's voyage around the world, is found the sustement, that while so journing for a short time on the Brazilian Coast of South America, he observed the relatives using, in the preparation of their food, a peculiar oil, which, upon examination, he industry in the property without desired to the sustement of his lands, to be converted into money or property without desired in the property of the sustement of his lands, to be converted into money or property without desired in the property without desired to the converted into money or property without desired to the converted into money or property without desired to the converted into money or property without desired to the converted into money or property without desired to the converted into money or property without desired to the converted into money or property without desired to the converted into money or property without desired to the converted into money or property without desired to the converted into money or property without desired to the converted into money or property without desired to the converted into money or property without desired to the betteff to the enhanced value of his lands, will be part owner of a line of boats, and thus the land proprietor will carry in his proparation of their food, a peculiar oil, which, upon examination, he may be a subscribed to the converted to drive and the nature of the property will carry in the proparation of their food, a peculiar oil, which, upon examination, he converted to the converty of the enhance of the property of the manner from a rich and inventor of the property will carry in the property of the manner from a rich and inve proposition; how near to county-town, to me road, depot, river, and all facts necessary road, depot, river, and all facts necessary to about the Company a satisfactory idea of the land. This may be done by certificates of reliable, disint rested persons residing in the neighborhood. The present actual value of the land may be proved in the same manner. The party offering lands must state in his proposition toe lowest figure he will take. The Company will not give exorbitant prices. The least must be unencumbered by judgments, fortingers, deads of trust, tax titles, or otherwise. This may be shown by official certificates of Judges, derks, shorting, or the opinions of respectable attorneys. Tols is believed to be the best opportunity to dispose of surplus lands in the South and West that has yet been or can be offered. in that warm tropical country. A few years ago an eminent French chamist, white on a professional visit to the tropics, made numerous experiments with this remarkable production of nature, and succeeded in extracting a concentrated essence of the plant. The formula for its preparation, and the Sois Bigatfor the sate in this country are the exclusive property of this company, by whom it was purchased from the original discoverer. We claim for this remarkable, yet simple and perfectly harmless preparation. y harmless proparation -That by its use a net gain of from 50 to er cent. Is made in the manufacture of be the best opportunity to dispose of surplus lands in the Sauth and West that has yet been came, may be strong, ranchi, streaked or coarse-grained, and comparatively useless for general use by the aid of this Extract is restared to its original treshness and sweetsess, fine grain and even voior.

3d. By the use of this Extract, one pound of delitious, fresh Butter is actually made from one pint of milk.

4th. That a pure and excellent table Butter can be made, at a cost of from is to 2 cents per pound. The chief expense wherein being Butter, which is the escential base.

3th. That a future manufactured by the said of this Extract is equal in every respect to the best Entire maise by the ordinary mathod.

4th. The Entract, after thorough analysis, by able chemists, is pronounced perfectly free from any deletations substance, the lagredients being purely of a vegetable nature.

7th. In proof of the foregoing assertions, the factory of this company is making one ton of Butter per day, which meets with ready sale in the stalles of the first hotels, restaurants and private families in this city and eisewhere.

A sample package of the Extract; sufficient to make fifty pounds of Eutler), with fail directions for use, will be sent to any address on the receipt of \$1.

CAUTION.—As all articles of real morit are subject to spurious imitations, we would specially caution the public against counterfeits.

subject to spurious imitations, we would spe-cially caution the public against counterfelts and worthless imitations, advertised as pow-ders, compounds, etc., as the Extract of the Butter Plant is prepared and sold only by CAPT. DAVID DEHAVEN, President.
